Fla. Jr. Colleges, Palm Beach Jr. College

University Parallel Programs

In the Fall Term 4,458 students chose one of 82 programs leading to an Associate in Arts Degree and two more years of study at a university. PBJC graduates who transfer to our state universities continue to make satisfactory academic progress.

A large number of our graduates are deciding to continue their studies at Florida Atlantic University. We are pleased to note continued and increasing cooperation between these two public institutions of higher learning in Palm Beach County.

Our Associate in Arts students had these choices:

Accounting
Advertising Design
Anthropology
Architecture
Art Education
Art History
Astronomy
Bacteriology
Biology Teacher
Building Construction
Business Administration
Business Teacher
Chemistry
Chemistry Teacher
Clothing and Textiles
Computer Science, Business Option
Computer Science, Systems Engineering & Scientific Option
Conservation
Creative Writing
Dietetics
Early Childhood Education
Economics
Education (Elementary Level)
Education (Secondary Level)
Engineering
English
English Teacher
Fine Arts
Foreign Languages
Foreign Language Teacher
Foreign Language Teacher
General Biology
Geography
Geology
Government & Foreign Service
Health Education
History
Home Economics Teacher
Industrial Arts
Insurance

Librarian
Management
Marine Biology
Mathematician
Mathematics Teacher
Medical Technology
Meteorology
Music
Music Education
Occupational Therapy
Philosophy
Photography
Physical Education
Physical Sciences
Physical Therapy
Physics
Plant Sciences (Agriculture)
Political Science
Pre-Dental
Pre-Law
Pre-Medical
Pre-Ministry
Pre-Nursing
Pre-Optometry
Pre-Pharmacy
Pre-Podiatry
Pre-Veterinary
Psychology
Public Relations
Real Estate
Retailing
Science Education
Social Science
Social Science Teacher
Sociology
Speech - Drama
Speech Pathology & Audiology
Welfare Worker
Zoology

Palm Beach Junior College makes no distinction on grounds of race, color, religion, sex, or national origin in the admission practices or any other practices of the institution.

Technical Specialized Programs

In the Fall Term 2,959 students were enrolled in occupationally oriented courses and programs. Some of these students will be getting on the occupational ladder for the first time. Others will be moving to a different rung.

In the near future they will take their place in the community as industrial and health service technicians, mid-management, or community service and business personnel.

They had these choices in two-year programs leading to an Associate in Science Degree:

Aerospace Technology
Air Conditioning & Refrigeration Tech.
Banking
Building Construction Management
Building Officials & Inspectors Program
Clerical Practice
Commercial and Graphic Arts Technology
Computer Technology
Corrections
Dental Hygiene
Dental Laboratory Tech.
Dietary Technology
Drafting & Design Tech.
Early Childhood Education
Early Childhood Education (Montessori Specialization)
Electrical Distribution Technology
Electronics Technology
Executive Secretary
Fashion
Fashion Merchandizing
Fire Science Technology
Food Service Management
General Business
General Home Economics
Hotel Management
Interior Design - Tech.
Land Surveying
Law Enforcement
Legal Secretary
Library Technology
Medical Assistant
Medical Illustration
Medical Laboratory Technician
Medical Secretary
Mental Health Tech.
Music
Nursing
Occupational Therapy Assistant
Popular Music and Jazz
Radiological Technology
Sales and Marketing
Security & Loss Prevention
Surveying Technology
Water & Wastewater Tech.

There are now 44 of these programs.

Our students also had the opportunity of selecting these special and one-year certificate programs:

Air Conditioning Specialist
Building Construction Management
Computer Operator
Corrections
Dental Assisting
Drafting Specialist
Early Childhood Education Aides
Emergency Medical Tech. II
Fire Science Technology
Law Enforcement
LPN to RN Program
Popular Music & Jazz
Retail Sales - Clerical
Security & Loss Prevention Certificate
Stenographic
Surveyor's Aid
Water & Wastewater Tech.

Non-Credit Courses

In 1976-77, 3,767 students enrolled in non-credit courses similar to the list below of courses currently underway or in active planning.

AGRICULTURE
Horticulture Maintenance
Landscape Maintenance
Lawn & Golf Green Mgt.
Lawn Maintenance
Orchid Growing
Ornamental Plant Identification

DISTRIBUTIVE
Accountant's Workshop (Fla. Acct.)
AIB Bank Teller's Workshop
Assertiveness Training
Bank Credit Supervisors Workshop
Basic Individual Income Tax
Credit Union Institute
Fed. Taxes Affecting the Sale of Residential Real Estate
First Level Management
Floral Design; Advanced
Ikebana (Japanese Flower Arranging)
Intro to Travel Agency Procedures
Loan Officer Development
Municipal Financing
Practice of Public Relations
Real Estate Appraisal;Broker Exam Review; Salesman Exam Review
Math Review
Restaurant Management Conf.
Small Business Income Tax; Institute
Stock Market & Investment Tech.
Wills, Trusts & Estates

LAW ENFORCEMENT
Advanced Latent Print Examiner
Auxiliary Recruit Training
Basic Correctional Recruit Refresher; Crime Scene Search; Police Recruit Refresher; Standard Corrections Officer; Standard Recruit
Breathalyzer Instructor; Maintenance; Refresher; Technician
Career Develop. Officer-Advanced; Intermediate; Refresher
Kidnapping & Hostage Negotiation
Lawyer-Land Surveyor Conf.
Mechanic's Liens
Parking Enforcement Specialist
Parole & Probation Counseling & Communication; Orientation; Workshop
Police Mid-Management; Photography; Supervision
Principles of Interview in Major Sex Crime Investigations
Tech. of Interviewing-Drug Abuse
Training for IBM Security Personnel

NURSING
Advanced Electrocardiography
Alcohol Abuse
Alcoholism Specialist
Basic Electrocardiography I; II
Basic Psychiatric Nursing
Chest Assessment & Trauma
Discharge Planning
Emergency Drug Review; Rm. Nursing
Geriatric Nursing
H+ Ion Homeostasis
Human Sexuality
Intermediate Electrocardiography
Legal Aspects of Health Care
Medical Intensive Care
Neurology & Orthopedics
Nursing Care-Respiratory;Tactics & Stroke Care; Task Force on Cont. Ed.
Occupational Health Nurse-Resp. Conf.
Orthopedic Conference
Patient Care Management
Pediatric Nurse
Practicioner Review
Pharmacology Update for Nurses
Pharmacy for Nurses
Professional Standards & Regulations
Quality Care Through Utilization of PSRO
R.N. Refresher Course
Urology Conference

TRADE & INDUSTRIAL
A/C & Refrig. Comm. (HARV)
A/C & Refrig. Residential
Building & General Contractor
Contractor-Cost Accounting; Residential
Custodial School
Elements of Structural Design
Hydrology
Journeyman Electrician; Plumber
Master Electrician
Navigation-Celestial & Electronic
Navigation-Chart & Compass
OSHA for Construction Industry
Pest Control Traveling Workshops
Professional Writing; Creative Prin.
Residential Electrical Design; Masonry & Frame Const. Methods; Plumbing & A/C; Structural Design
Review for Civil Engineers I; II; Electrical Engineers; Mech. Engineers
Solar Energy
Survey Course in Solar & Wind Power
Theater Dance Technology
Urban Entomology & Pest Control
Water & Pollution Control

YOU CAN HELP

Does your group need to arrange a seminar, a conference, a workshop or a short course? We will do everything we can to assist you.

21 YEARS SERVICE

at

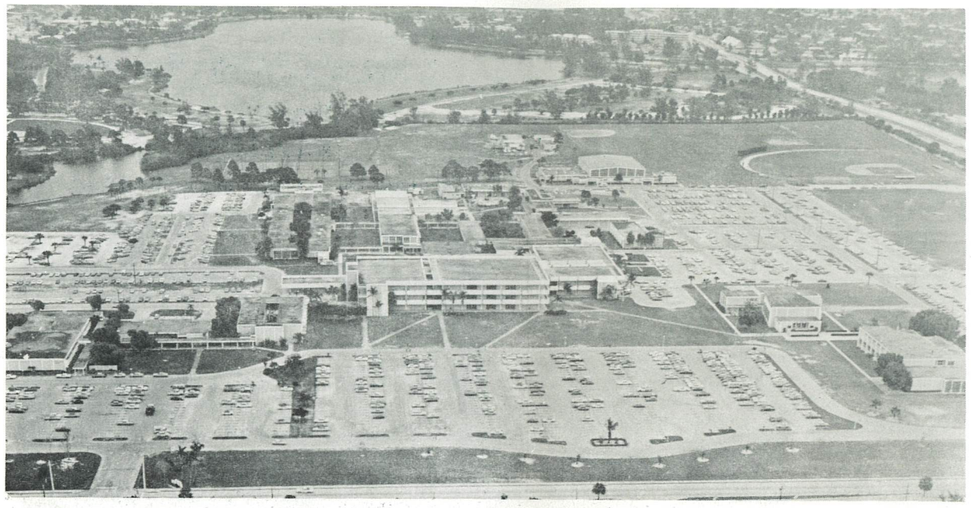
PALM BEACH JUNIOR COLLEGE

(Florida's Oldest Public Community College)

P.B.J.C. LIBRARY

A REPORT FROM THE OFFICE OF THE PRESIDENT 1978

1957. *The aerial view to the left shows the college as it was when I arrived.*
1978. *Below is an aerial taken from approximately the same position this year.*
1966. *Ground breaking ceremonies were held for the Tech Lab building, the addition to the Dental Health Services Building and the Data Processing Building. Pictured at right are Richard D. Hill, left, chairman of both our advisory board and our trustees, Robert Johnson, a school board member, and Robert Fulton, county superintendent of schools.*



1976. *Glades ground breaking with Mrs. Homer Hand, current trustees chairman, and George Wedgeworth, president, Sugar Cane Growers Co-operative of Florida.*

By 1957 Palm Beach Junior College had rendered a quarter of a century of educational service to Palm Beach County. It had weathered four moves, the birth of a state plan which provided for a total of twenty-eight junior colleges, and the development of the initial phase of what is now the Central Campus of the college. Its academic reputation had begun to spread among senior institutions and in the community.

When I assumed the Presidency of the college my task was seven-fold. It would be necessary to expand the number and variety of academic programs from fifteen to the one hundred and forty-two available today. The size of faculty would have to be increased as the number of programs grew and we would need to call upon the special expertise of many people in the community to teach classes in many of our occupationally oriented programs. The physical facilities of the college must expand in size and include many specialized laboratories to support the new programs being developed. Careful fiscal management must be practiced if the state funds provided are to be expected to support these developments. Advisory committees from the various professional and business groups in the community must be recruited if our programs are to fit the needs and have the support of these professions and businesses. Students in the secondary schools and adults in the community must be informed the opportunities provided by the programs and activities offered by Palm Beach Junior College

Finally, it was necessary to administer the college responsibly in all matters from maintenance to obtaining scholarships for students.

I am pleased that 174,419 different individuals have been served by Palm Beach Junior College in the past twenty-one years and 13,300 have completed degree programs and have graduated.

Reports from senior colleges and universities consistently indicate that our graduates who transfer do well at the upper division level.

In addition to the success of our academic departments I have been pleased with the development of our Reading Center and the Mathematics Laboratory. Our compensatory education program is excellent and has helped hundreds of students gain the tools required to complete their program of studies.

Our Library and Learning Resource Center is second to none in providing learning support services to students and faculty. The center has coordinated instructional support in materials and media to all other campuses.

Basic to the growth and development of the college and its program has been the strong community support given by individuals and groups. Advisory committees in many areas and individual and governmental cooperation have enabled the college to avoid non-productive efforts. I am personally deeply indebted and most appreciative of the many individuals, organizations and governmental groups without whom it would have been impossible to make our goals a reality.

The future of PBJC will be exciting. Under the direction of our outstanding District Board of Trustees, a most capable and dedicated group of citizens, it will grow in size and breadth of service. I am confident that under the leadership of Dr. Edward M. Eissey the college will continue to be one of the leaders in community college education.

Harold C. Manor

1968. *Circuit Judge Russell O. Morrow, Mrs. R. S. Erskine, and Rev. Frank Atkinson, who served as members of the Advisory Board, chose not to become Trustees when the board's function was changed on July 1, 1968, and were honored for many years of service.*

1969. *After a 10 mile hike for the Zonta Scholarship Walkathon, I was greeted on campus by my wife, Dorothy, and granddaughter Michelle. The Walkathon raised $6,236.46 for scholarships.*

1970. *One of the rewards of being a college president is the opportunity to congratulate students like Harold Ross and Debbie Turner, who had just become the first students from Florida to win national awards from the Distributive Education Clubs of America.*

EVERY YEAR. *I enjoy greeting students who have completed the programs we have worked so hard to develop at PBJC.*

1976. *Ed Pugh, the students and I enjoyed having on our campus this authentic replica of the wagons that crossed the prairies- - - one of the events in our celebration of the bicentennial.*

1977. *One of the rewarding experiences of recent years was to be named by the South West Palm Beach Exchange Club as the winner of their Golden Deeds Award, given to one person annually for community service.*
